

# **The Profit Work From Home** **Promotion Schedule**

## **Before you Start**

You need to sign up for several websites to get free traffic and signups for the Profit Work From Home. Once you have signed up for all programs below you can start to work on the Daily Promotion Plan.

## **Step 1: Signup for Social Sites**

**[Facebook](#)**

**[MySpace](#)**

**[Faves](#)**

**[Orkut](#)**

**[Konnekts](#)**

**[LinkedIn](#)**

**[LiveJournal](#)**

**[RYZE](#)**

After you have signed up for each site you need to create a profile. This includes a picture of yourself, a short introduction on who you are and what you do. Also add your referral link or a banner of the Profit Work From Home on each of your profiles.

## **Step 2: Signup for all Bookmarking Services**

Go to [www.socialposter.com](http://www.socialposter.com) and signup for all relevant bookmarking services. Some bookmarking services are only for games sites or technical sites which you can skip.

I know this is a lot of work... you'll signup for 30 or more sites... but once this work is done, you can easily bookmark any page you want. This helps to get free traffic and better search engine ranking. So don't skip this important step!

## **Step 3: Signup and activate the Click Exchanges**

Clickechanges are great to get instant traffic to any website. You should promote the Profit Work From Home referral link to get signups.

Signup for all exchanges below and surf up at least 100 website to make sure that your account is activated.
